**COMMENTS ON STATEMENT  
OF REASONS FOR ALLOWANCE**

Dear Sir:

Responsive to the Notice of Allowability mailed August 5, 2004 and the  
"Statement of Reasons for the Indication of Allowable Subject Matter" mailed March 18,  
2004, Applicant submits the following remarks responsive to the Examiner's Statement  
of Reasons for Allowance.

**Habetler, Thomas G.****U.S. Serial No. 10/065,975****REMARKS**

In response to the Examiner's Reasons for Allowance, Applicant believes that a separate Statement of Reasons for Allowance is unnecessary in the present case as the file history sufficiently sets forth the patentable distinctions of claims 1-23.

The patentability of claims 1-23 lies in each claim as a whole. That is, a single particular element or feature of a claim does not define the claim's patentability, but rather, it is each of the elements and the interconnection therebetween that define that which is claimed. The claims cannot be considered to be limited in scope based on the brief statements by the Examiner. Further, the claims are not limited only to a particular figure set forth in the specification and must be read to cover embodiments of the invention not specifically described in the specification or shown in the figures.

Entry of these remarks is appreciated and Applicant cordially invites the Examiner to contact the undersigned, should the Examiner consider any matters unresolved.

Respectfully submitted,
